Product Data

UNIQ-SPHERE-GB

Glass Drilling Bead

DESCRIPTION

UNIQ-SPHERE-GB is a spherical pure glass-drilling bead. These beads provide excellent lubricating characteristics and are ideal in horizontal drilling, UNIQ-SHPERE-GB can be used in any mud system and because of this versatility its use is seen in multiple oilfield applications.

Application

UNIQ-SPHERE-GB improves overall sliding ability and slickness and extends lateral drilling capability. The beads reduce torque and drag and perform in deviated, crooked holes without a problem. Decreases in time are seen when running casing and liners as a result of using UNIQ-SPHERE-GB.
